GO−BP enrichment anchored on sc_10x Global top20 (up_in_KO)
disruption of cell in another organism
killing of cells of another organism
cell killing
defense response to bacterium
DNA replication initiation
granulocyte migration
wound healing
nuclear DNA replication
regulation of leukocyte migration
response to wounding
response to interferon−beta
leukocyte migration
disruption of anatomical structure in another organism
response to bacterium
defense response to Gram−positive bacterium
antibacterial humoral response
mitotic DNA replication
antimicrobial humoral response
antimicrobial humoral immune response mediated by antim
humoral immune response
