Paneth Cells Progenitors · A1 Rescue vs A1 Het
negative regulation of multicellular organismal process
negative regulation of developmental process
positive regulation of immune system process
positive regulation of cell population proliferation
animal organ morphogenesis
cell activation
leukocyte activation
multicellular organismal−level homeostasis
up_in_A1_Het
generation of precursor metabolites and energy
energy derivation by oxidation of organic compounds
cellular respiration
nucleobase−containing small molecule metabolic process
nucleoside phosphate metabolic process
monocarboxylic acid metabolic process
aerobic respiration
purine−containing compound metabolic process
