Goblet cells · A1 Het vs WT
protein maturation
response to bacterium
response to endoplasmic reticulum stress
protein folding
defense response to bacterium
response to topologically incorrect protein
humoral immune response
defense response to Gram−positive bacterium
up_in_A1_Het
monocarboxylic acid metabolic process
generation of precursor metabolites and energy
nucleobase−containing small molecule metabolic process
energy derivation by oxidation of organic compounds
monoatomic cation transport
nucleoside phosphate metabolic process
cellular homeostasis
cellular response to hormone stimulus
