GSE64642_hMSC · late KO vs WT
Pathways of neurodegeneration − multiple diseases
Lysosome biogenesis
Human papillomavirus infection
Salmonella infection
Endocytosis
MAPK signaling pathway
IgSF CAM signaling
Huntington disease
up_in_late_ko
Cadherin signaling
PI3K−Akt signaling pathway
IgSF CAM signaling
Cytoskeleton in muscle cells
Calcium signaling pathway
Focal adhesion
Axon guidance
Integrin signaling
