GO_MF | EEC | A1_Rescue_vs_A1_Het | up in A1_Het | n = 1501
calcium ion binding
molecular function inhibitor activity
monoatomic ion transmembrane transporter activity
enzyme inhibitor activity
metal ion transmembrane transporter activity
passive transmembrane transporter activity
channel activity
nuclear receptor binding
peptidase regulator activity
glycosaminoglycan binding
endopeptidase regulator activity
peptidase inhibitor activity
endopeptidase inhibitor activity
SNARE binding
calcium ion transmembrane transporter activity
voltage−gated monoatomic cation channel activity
calcium−dependent protein binding
calcium channel activity
serine−type endopeptidase inhibitor activity
voltage−gated calcium channel activity
