KEGG | Global | A1_Rescue_vs_A1_Het | up in A1_Het | n = 1962
Cadherin signaling
Neuroactive ligand−receptor interaction
Transcriptional misregulation in cancer
NOD−like receptor signaling pathway
Hormone signaling
Wnt signaling pathway
Hippo signaling pathway
Cushing syndrome
Cell adhesion molecule (CAM) interaction
Staphylococcus aureus infection
Glutamatergic synapse
Pancreatic secretion
Morphine addiction
GABAergic synapse
ECM−receptor interaction
Complement and coagulation cascades
