GO_CC | Global | A1_Rescue_vs_KO | up in KO | n = 2646
side of membrane
cell−cell junction
apical plasma membrane
synaptic membrane
plasma membrane protein complex
extracellular matrix
external encapsulating structure
external side of plasma membrane
receptor complex
membrane raft
membrane microdomain
basal part of cell
postsynaptic membrane
leading edge membrane
adherens junction
tight junction
plasma membrane signaling receptor complex
dendritic shaft
DNA replication preinitiation complex
CMG complex
