GO_CC | Global | A1_Rescue_vs_WT | up in WT | n = 1937
synaptic membrane
external encapsulating structure
extracellular matrix
basal part of cell
receptor complex
postsynaptic membrane
basal plasma membrane
membrane raft
membrane microdomain
basolateral plasma membrane
external side of plasma membrane
monoatomic ion channel complex
postsynaptic specialization membrane
sarcolemma
postsynaptic density membrane
intermediate filament
excitatory synapse
basement membrane
T−tubule
interstitial matrix
