GO_CC | Goblet | A1_Het_vs_WT | up in WT | n = 550
apical part of cell
mitochondrial matrix
mitochondrial inner membrane
cell−cell junction
apical plasma membrane
basal part of cell
basal plasma membrane
basolateral plasma membrane
RNA polymerase II transcription regulator complex
myelin sheath
cluster of actin−based cell projections
brush border
respiratory chain complex
oxidoreductase complex
clathrin−coated vesicle
recycling endosome membrane
clathrin−coated pit
cell−cell contact zone
intercalated disc
cytochrome complex
