GO_BP | Imm ent | A1_Rescue_vs_KO | up in KO | n = 1348
blood vessel morphogenesis
negative regulation of cell differentiation
tissue morphogenesis
positive regulation of locomotion
positive regulation of cell motility
embryonic morphogenesis
positive regulation of cell migration
angiogenesis
morphogenesis of an epithelium
regulation of cell−cell adhesion
ossification
epithelial tube morphogenesis
renal system development
rhythmic process
kidney development
osteoblast differentiation
kidney epithelium development
branching morphogenesis of an epithelial tube
renal tubule development
nephron tubule development
