Reactome | Paneth | A1_Het_vs_WT | up in A1_Het | n = 343
Neutrophil degranulation
Cellular responses to stress
Translation
Antimicrobial peptides
Cellular response to chemical stress
Regulation of Homotypic Cell−Cell Adhesion
Regulation of Expression and Function of Type I Classical Cadherins
Regulation of CDH1 Expression and Function
Defensins
Alpha−defensins
Regulation of PD−L1(CD274) expression
Co−inhibition by PD−1
