GO_CC | Pre−Paneth | KO_vs_WT | up in KO | n = 980
protein−DNA complex
endoplasmic reticulum lumen
endoplasmic reticulum protein−containing complex
replication fork
endoplasmic reticulum−Golgi intermediate compartment
Golgi−associated vesicle
pigment granule
melanosome
smooth endoplasmic reticulum
replisome
serine−type peptidase complex
serine−type endopeptidase complex
MCM complex
DNA replication preinitiation complex
CMG complex
