GO_BP | Stem cell | A1_Het_vs_WT | up in WT | n = 1484
small molecule biosynthetic process
purine−containing compound metabolic process
fatty acid metabolic process
generation of precursor metabolites and energy
energy derivation by oxidation of organic compounds
small molecule catabolic process
organic acid biosynthetic process
carboxylic acid biosynthetic process
cellular respiration
sulfur compound metabolic process
amino acid metabolic process
aerobic respiration
organic acid catabolic process
carboxylic acid catabolic process
monocarboxylic acid biosynthetic process
modified amino acid metabolic process
alpha−amino acid metabolic process
olefinic compound metabolic process
detoxification
unsaturated fatty acid metabolic process
