GO_BP | TA | A1_Rescue_vs_A1_Het | up in A1_Het | n = 1528
blood vessel morphogenesis
tissue morphogenesis
sensory organ development
morphogenesis of an epithelium
angiogenesis
skeletal system development
sensory system development
visual system development
eye development
renal system development
camera−type eye development
mesenchyme development
kidney development
mesenchymal cell differentiation
heart morphogenesis
osteoblast differentiation
neuron projection guidance
axon guidance
kidney epithelium development
cardiac septum morphogenesis
